### PART 2 – To Be Completed by United States Department of Defense (DOD) Health Care Provider

For completion by a United States Department of Defense ("DOD") Health Care Provider or a Health Care Provider who is either: (1) a United States Department of Veterans Affairs ("VA") health care provider; (2) a DOD TRICARE network authorized private health care provider; or (3) a DOD non-network TRICARE authorized private health care provider.

Our employee has requested leave covered by the FMLA to care for a family member who is a member of the Regular Armed Forces, the National Guard, or the Reserves and who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list because of a serious injury or illness. For purposes of FMLA covered leave, a serious injury or illness is one that was incurred or aggravated in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank, or rating. Certification to support a request for FMLA covered leave due to a service member’s serious injury or illness includes written confirmation that the service member’s injury or illness was incurred in the line of duty on active duty, or existed before and was aggravated in the line of duty and that the service member is undergoing treatment for such injury or illness by a health care provider as listed above.

If you are unable to provide some of the military-related determinations referenced below, you may rely upon determinations from an authorized DOD representative (such as a DOD recovery care coordinator).

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. ‘Genetic information’ as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

### Covered Service Member’s medical status

The covered service member’s medical condition is classified as

- [ ] (VSI) Very Seriously Ill/Injured – Illness/Injury is of such a severity that life is imminently endangered. Family members are requested at bedside immediately. (This is an internal DOD casualty assistance designation used by DOD healthcare providers.)

- [ ] (SI) Seriously Ill/Injured – Illness/injury is of such severity that there is cause for immediate concern, but there is no imminent danger to life. Family members are requested at bedside. (This is an internal DOD casualty assistance designation used by DOD healthcare providers.)

- [ ] OTHER Ill/Injured – A serious injury or illness that may render the service member medically unfit to perform the duties of the member’s office, grade, rank, or rating.

- [ ] NONE OF THE ABOVE – Note to Employee: If this box is checked, you may still be eligible to take leave to care for a covered family member with a “serious health condition” under the FMLA, in which case you may need to complete a Certification of Health Care Provider for Family Member’s Serious Health Condition form.

Was the condition for which you are treating the covered service member incurred or aggravated in line of duty while on active duty in the armed forces?
