Appointment Details

UW sponsors the following titles for J-1 status:

- Visiting titles
- Postdoctoral Scholar
- Acting Instructor
- Artist in Residence

> Appointments must be full-time and have regular UW faculty sponsor supervision.

> UW cannot sponsor tenured or tenure-track faculty as J-1 exchange visitors.
Funding requirements

There are two funding requirements:

• UW J-1 funding minimum
• UW salary minimum

Meeting the J-1 Funding Minimum
Scholar has enough money to support themselves and their family in the U.S.

Meeting the Salary Minimum
UW or another source is compensating the scholar at an appropriate level for the appointment title
J-1 Funding Minimum

UW Funding Minimum (applies regardless of title or salary source)
  $2,100/month for the J-1 exchange visitor
  $1,200/month for the J-2 spouse
  $600/month for each J-2 child

Funding Source
At least 50% of funding minimum must come from a source other than personal or family funds.
UW Salary Schedule

For most titles, the J-1 will also have to show outside funding equivalent to the UW salary minimum for their title and rank.

Outside funding can include one or more government, employer, UW, or third-party sources. Personal or family funds do not count.

As courtesy titles, visiting scholars are not subject to the UW salary minimum. However, they still have to meet the J-1 funding minimum.

How to document funding

Funding documentation must:
• Come from the funding source
• Be signed and on letterhead
• Be written in English
• Include the scholar’s name
• Include the sponsorship dates
• Include the exact funding amount in U.S. dollars

ISO will review funding documentation and contact you if it does not match or otherwise meet these requirements. Feel free to reach out to us with questions!
J-1 ELIGIBILITY REQUIREMENTS

• English proficiency
• Health insurance
• Cultural exchange
J-1 English Proficiency

J-1 Exchange Program sponsors are required to confirm that prospective scholars have “sufficient proficiency in the English language [...] to successfully participate in his or her program and to function on a day-to-day basis.”

> That proficiency must be determined by an *objective measurement* of English language.
Objective English Proficiency Measurements

Acceptable methods for documenting English proficiency:

• A recognized English language test
• Signed documentation from an academic institution or English language school
• A documented interview conducted by the sponsor

Units must use one of these three methods to confirm proficiency before submitting the visa request.
Recognized English language test

Units should retain a test result copy with exchange visitor’s name.

- Pass/fail test: Exchange visitor must have passed. (E.g.: Cambridge English)
- Scored test: The unit can decide necessary score. (E.g.: TOEFL)

Online or informal tests are not acceptable.

Units may choose to use the UW Admissions requirements for English proficiency.
Academic Institution or English Language School Requirements

Units should retain a signed document on school/institutional letterhead including:

- The exchange visitor’s name
- Their proficiency level
- Dates of attendance
- Basis for proficiency assessment (e.g. completion of English coursework)
Documented English Proficiency Interview

How and when can the interview take place?

- Must be **in-person or video** if possible
- If neither is possible, a phone interview may be used
- The interview must be conducted **before** the J-1 visa request is submitted to ISO

The interview **must** be conducted by a UW employee, preferably the faculty sponsor or the unit administrator, who is proficient in English.
Resulting documentation should include:

- Participant names
- Interview date, time, and method
- What was discussed
- Assessment method (e.g. was a rubric or scoring method used)
- Statement that scholar is sufficiently proficient in English
- Signed and dated by interviewer

ISO is happy to review your interview documentation templates!
Proficiency Interview (continued)

**Informal assessment:** The interviewer can discuss life in the U.S., e.g.:

- Where do you think you’ll want to live?
- What support services are you interested in?
- Tell me about what you like to do outside of work.
- What do you think will be most challenging about living and working in the U.S.?

If the visitor can’t answer these questions clearly and completely, they’re probably not proficient enough for daily life in the U.S.

**Formal assessment:** The interviewer can use the [TOEFL Scoring Rubric](#) or another proficiency rubric of their choice.
Insurance Requirement

J-1 exchange visitors must obtain and maintain the following throughout their stay:

- Health insurance
- Medical repatriation
- Evacuation insurance

**Question & Answer Section**

**Question:** Should a J-1 always be pursued rather than an H-1B for visitors who are J-1 eligible?

**Answer:** ISO looks at various factors to determine visa sponsorship options, including the appointment title and the individual’s visa history. J-1 visa sponsorship is generally quicker, easier, and less costly than H-1B visa sponsorship, so if the individual and position are eligible for a J-1, the J-1 should be pursued.

**Question:** Can you give examples of sponsorship under the specialist category?

**Answer:** The J-1 “Specialist” Exchange Visitor category is used in limited circumstances, usually for artists and musicians who are coming to UW to demonstrate special skills. You should contact ISO for preapproval to use this category.

**Question:** If someone has a J-1 visa at a different institution would they still be able to get a J-1 visa through UW after their one expires?

**Answer:** In order to be eligible for a J-1 transfer, the scholar must have a valid (unexpired) DS-2019, usually in the J-1 “Research Scholar” category. Please feel free to reach out to ISO with specific questions regarding J-1 transfer eligibility.

**Question:** Can you please provide the link where we can get more information about the various visas / various J-1 visa categories etc.? Thank you!

**Answer:** [https://ap.washington.edu/ahr/visas/admin-resources/j1/how-to-sponsor-a-j1-visa/categories/](https://ap.washington.edu/ahr/visas/admin-resources/j1/how-to-sponsor-a-j1-visa/categories/)
Question: Are J-1 visiting scholars able to take UW courses (for example as a non-matriculated student) while in Seattle?
• Answer: As long as J-1 scholars maintain their primary program objective listed on their DS-2019, the J-1 regulations do not prohibit them from taking incidental course(s).

Question: Are there specific forms that proof of funding can be provided (i.e. a letter signed and in letterhead, bank statements, etc.) as long as they provide the details as mentioned in the previous slide?
• Answer: ISO’s Funding for J-1 Exchange Visitors webpage has detailed information regarding acceptable funding documentation. Please reach out to ISO with any additional questions after reviewing this webpage.

Question: We recently sent a letter to confirm a visiting scholar for the 23-24 academic year. It did not include any funding information. Is there a link to forms/templates that we can use for follow up?
• Answer: If the academic unit isn't providing the funding source, we wouldn't expect it to include funding information; funding documentation would have to come from the funding source and meet the requirements listed on ISO’s Funding for J-1 Exchange Visitors webpage.
Question: If a visiting scholar is on Fulbright sponsorship for one year and wants to transfer funding and get a J1 for a second year of study, when is the best time to reach out to start the renew/transfer process?

•Answer: ISO recommends beginning the transfer process as early as possible. The scholar should reach out to their Fulbright advisor for details regarding Fulbright’s transfer out process and timeline.

Question: Are there best practices for sharing documents such as DS-2019, IDs, etc. when communicating with J-1 applicants? For example, email, Google Drive.

•Answer: The Department of State prohibits the scanning and emailing of DS-2019s to scholars, although you may email scholars their SEVIS number and UW’s J-1 Program number (both are listed on the DS-2019) so that they can use this information to schedule a visa appointment.

When providing documents to ISO as part of the J visa packet, uploading documentation as a single pdf to the “Manage Files” page of the visa request is the preferred method, although documents can also be attached as a single pdf to the email ticket for the visa request.

Question: If we don’t know how long it will take to obtain a visa, can we ask for a start date far in the future and then amend the start date to much earlier (several months) if they are able to get a visa appointment/visa earlier than anticipated?

•Answer: We don’t recommend this approach as it can be very difficult to predict when/how the scholar would get their visa stamp. We’d ask the unit to project a start date that they would like to have the scholar start and then go from there, then use the Amendment Form if the scholar is unable to come on the anticipated start date.
