

POSTDOCTORAL SCHOLAR TEACHING REQUEST FORM

(For postdoctoral scholars ONLY)

UW postdoctoral scholars, in limited circumstances, may seek to advance their professional skills by serving as the official instructor of record in a class. Eligible postdoctoral scholars may be permitted to teach **one** class for academic credit **per academic year**, while remaining full-time (100% FTE) in their postdoctoral scholar positions. When teaching as the instructor of record, a postdoctoral scholar must have a temporary faculty appointment as a **part-time teaching associate or lecturer part-time (temporary)**. Such teaching is considered work that is above and beyond their postdoctoral scholar duties. Please note that teaching a class for academic credit may **not** be a condition of employment for a postdoctoral scholar nor is it an expected duty of any postdoctoral scholar. Requests are solely limited to postdoctoral scholars who are in full-time active status as postdoctoral scholars at UW.

Exclusions: Postdoctoral scholar-fellows, interim postdoctoral scholars, and affiliate postdoctoral scholars are not eligible. Postdoctoral scholars on UW-sponsored visas whose visa does not allow for additional duties or where teaching was not a specified activity outlined in the visa application/documentation are also excluded and ineligible. Do not use this form for postdoctoral scholars appointed in the Department of Mathematics or for postdoctoral scholars for whom teaching is expressly included as part of their research protocol or required by specific grant provisions. If you have questions, please contact acadpers@uw.edu.

Instructions: Unit administrators for the postdoctoral scholar should complete this form in its entirety and submit it to their dean's office for approval. Upload the completed document to the full appointment packet for the applicable faculty title associated with this limited teaching activity.
